

FEATURE ACTIVITY

DRUM KIT

Play in your own award-winning band when you make your own drum kit out of empty tin cans!

SUPPLY LIST:

- 2 dowels, chopsticks, or any kind of sticks
- Clean, empty tin cans
- Clear tape (scotch or packing tape)
- Patterned decorative duct tape
- Patterned paper
- Scissors

INSTRUCTIONS:

1. Make sure the tin cans are upside down and arrange them the way you'd like your drums set up.
2. Connect your drums to each other using packing tape. Make sure they're stable!
3. Decorate your drum kit with patterned paper.
4. Add some grip to your sticks with patterned duct tape so you can hold on tightly when you...
5. ...Start to solo on your new drum kit!

ADDITIONAL TIPS:

- Remember—different sizes of tin cans will produce different sounds! Try a few different sizes in your drum kit for lots of musical possibilities.
