

## FLOWER CROWNS

Don your flower crown and let your fantasy lead you to a realm where you are in charge!

### SUPPLY LIST

- Pipe Cleaners
- Scissors
- Beads

### INSTRUCTIONS

1. Choose two pipe cleaners to form the base of your crown. Twist one end together so that the pipe cleaners are attached. With the help of a friend or adult, place the pipe cleaners on your head and measure to be sure that the crown will fit. Twist the other end of the pipe cleaners together so that your crown sits comfortably on your head.
2. Take another pipe cleaner and twist it around your base to make it more colourful!
3. Choose a different coloured pipe cleaner. Mold small sections of it into loops to create the petals for your flower. Once your flower is complete, use the ends of the pipe cleaner to attach it to your base.
4. Add beads for decorations as desired.
5. Wear your finished crown with pride!

#### Additional Tips:

Use your imagination to create crowns with different themes! Go on an undersea adventure with a crown featuring the fish who swim through the deep blue sea, or blast off into outer space with a stellar, star-studded masterpiece!
