THE GALLERIES

Built in 1889, the Children's Museum is housed in the oldest surviving train repair facility in Western Canada and is home to twelve exciting permanent galleries. Unlike the no-touch exhibits at other more traditional museums, our galleries are always ready for hands-on fun! The latest innovations in education and exhibit design come together in creative environments at the Children's Museum to provide a powerful learning experience that entertains as it educates.

1. TIME SQUARED

Every town needs a central meeting place to share exciting stories, to rest up before the next big adventure, or to plan out another series of explorations! Synchronize your watches at the Square Clock Tower and let's get going!

2. TOT SPOT

Getting there is all the fun — especially if you're the littlest museum visitor. Tots ride, walk, or crawl their way over bridges and through a tunnel, so park your stroller at the Stroller Park and explore this miniature version of the Children's Museum!

3. TUMBLE ZONE

Is this a builder's fantasy, an ambitious urban planning project, or a game? Inside are all the things you need to create your own unique cityscape using strange and unusual pieces that replace traditional building blocks.

4. MELLOW MARSH

Bug-sized visitors walk under the giant leaves to admire the flowers in this "organic" cube. But these flowers are for more than looking at. The pin screen and art machine flowers are for touching and leaving your mark!

5. STORY LINE

"Are we there yet?" won't be heard as visitors ride the train on the literacy-based Story Line. Six destinations transport visitors anywhere imaginable — from outer space to deep beneath the sea, Story Line explores it all!

6. ENGINE HOUSE

Gears and levers, pipes and pulleys — these are the parts that help make a real train run. At the Engine House you get to see the insides of an actual train engine and conduct a little locomotive action of your own!

7. JUNCTION 9161

Junction 9161 is all about the train — the powerful locomotive that forms the spine of the museum experience! Standing inside or out, you can explore the enormity of this great machine.

8. ILLUSION TUNNEL

What's real? What's not? How is what you see different from what really is? Can the train rumble down the line into the tunnel? Using forced perspective, you're drawn into this giant slide to test your perceptions.

9. MILK MACHINE

Can you see what a cow sees? Can you hear what a cow hears? Of course you can, if you're at the Cow Controls in the Milk Machine! When you enter this GIANT cow cube, you're going to have a "dairy" good time.

10. SPLASH LAB

Grab a lab-coat-slicker and join in the fun! Whether you're playing by the enormous bubble wall, having a blast at the water table, or finishing it all off with an experiment, watch out — there's water everywhere!

11. POP M'ART

This is no ordinary grocery store, nor is it an art exhibit. So what is it? It's Pop m'Art — where kids "shop" for recycled supplies and create works of art! The stock is always changing, the creations transforming — this space IS art, but on the largest scale.

12. LASAGNA LOOKOUT

Ever play with your food? Well this food plays with you! Lasagna you can climb through and take a different path each time, always ending up on top at the Lasagna Lookout. Check out the Rigatoni Roller and Spaghetti Forest, or take a break on the Ravioli Pillows!

EXTRAS!

SCHOOL PROGRAMS

From September to June, we offer a variety of school programs for Nursery to Grade 5 classes. Students discover the world around them through interactive activities and gallery explorations. Book online or call 204.924.4005 for more information.

BIRTHDAY PARTIES & FACILITY RENTALS

The Children's Museum is a unique venue available both during and after hours for birthday parties, meetings, and other special events. Book online or call 204.924.4004 for more information.

EATON'S FAIRYTALE VIGNETTES

Open seasonally, this much-loved Winnipeg display originally housed in the Eaton's downtown store found a home at the Children's Museum. During November and December, take a stroll through the display and perhaps meet Santa himself at any of our special holiday events!
