

HANDPRINT SNOWFLAKE

SUPPLY LIST

- White Paper
- Glue
- Blue Construction Paper
- Glitter
- Scissors

INSTRUCTIONS

1. Trace your hand on a folded piece of white paper
2. Fold two more pieces and place them under the traced paper
3. Cut all of the folded papers along the hand outline - this will give you six hands!
4. Fold and cut different shapes in different places of your hand
5. Using glue, stick the bottom part of your hands together to make a snowflake
6. Glue your snowflake on a blue background

TIPS

- To add even more sparkle to your snowflake, use glue and glitter to make it shine in the blue winter sky
- Decorate your blue background with more snowflakes! You can draw or paint snowflakes with white crayons or markers
