### Event Summary

Help us celebrate Spring Break at the Children's Museum! Guests become deep-sea divers, fishermen, or marine biologists as we dive into the ocean! Visit with special guests, and participate in activities as we create our own artistic aquarium filled with sea creature crafts daily from 11:00AM – 3:00PM. All 9 days will have a separate marine animal theme and our special guests, activities and crafts will reflect the daily theme.

### Opportunity Summary

We need enthusiastic volunteers to help with our Spring Break Line-Up Programming. Spring Break Line-Up volunteers will help deliver programming (i.e. activity station, snack station) as well as assist with any setup and cleanup.
