LAST CHANCE: TAPESCAPE

UNTIL SEPTEMBER 2, 2019

It's your last chance to experience *TapeScape* - a unique play environment and creative art installation! Custom-designed by artist Eric Lennartson, *TapeScape* is an interactive indoor landscape made entirely out of plastic wrap and packing tape stretched over a huge metal frame. Strong enough to handle hundreds of energetic kids every day, the smooth and springy surfaces will curve and twist with your movements. Exploring this unusual and unpredictable environment is sure to spark kids' creative learning!
