

Join Us For The Grand Opening Of *#TapeScape* Tomorrow!

Date: Saturday, May 11, 2019

Time: 11:00AM - 3:00PM

Our new exhibition *#TapeScape* is all ready to go and just waiting for you to explore! There's climbing, sliding, and lots of STEAM-based creative learning to be had.

From 11:00AM to 3:00PM, [UofW](#) and [UofM's](#) Let's Talk Science teams will be leading hands-on experiments and demonstrations. Stick with us for more fun and create a tissue paper stained glass ornament that will light up any room with bright and beautiful colours.

With fun activities for the whole family, you won't want to miss our Grand Opening Event - hope to see you there!

More About *#TapeScape*

On display at the Children's Museum until September 2, 2019

Custom-designed by artist Eric Lennartson, *#TapeScape* is an interactive indoor landscape made entirely out of plastic wrap and packing tape stretched over a huge metal frame. Strong enough to

handle hundreds of energetic kids every day, the smooth and springy surfaces will curve and twist with your movements. Exploring this unusual and unpredictable environment is sure to spark kids' creative learning!
