

COVID-19 GUIDELINES

The following public health protocols are currently in effect at the Children's Museum:

- The facility is open to fully immunized people only. Proof of immunization and identification are required for all visitors 12 years of age and older upon arrival.
- Unvaccinated children under 12 may attend only if accompanied by a fully immunized adult.
- Capacity levels have been reduced.
- Staff, volunteers, contractors, vendors, and guests must use the *COVID-19 Screening Tool* before entering the facility: <https://sharedhealthmb.ca/covid19/screening-tool/>

DURING YOUR VISIT

- The use of non-medical face masks is required by all visitors (ages 5 and up) within the facility's public and communal spaces.
- Physical distancing is strongly recommended. Please maintain two meters (6 feet) of physical distance between other individuals and/or groups. See floor markings for designated *Waiting Zones* and *Play Zones* to promote physical distancing.
- Modifications have been made to some galleries and exhibits. These modifications may change; admission is a final sale, so please consult childrensmuseum.com or an Admissions Attendant for a complete list of modifications prior to purchasing your general admission.
- Guests are encouraged to sanitize hands upon entry to facility. Hand sanitizer is available at the entrance/exit and in other areas for guest use.
- Observe provincially-recommended hygiene practices for handwashing, hand sanitizing, and coughing/sneezing.
- Personal protective equipment and other protective measures may be in use by staff and volunteers, including: physical barriers, non-medical face masks, gloves, face shields, and other items.
- Facility, including washrooms, are subject to enhanced sanitization frequency and measures. Some galleries may be closed periodically for 15–30-minute intervals to allow for enhanced cleaning.
- Guests may be provided a Cleaning Supply Basket to aid in additional sanitization of individual areas throughout their visit upon request.
- Cashless or no-contact payment should be used to the greatest extent possible.
- Admission is available on a first-come, first-served basis. Admission is valid all day – however, visitors wishing to re-enter the museum may need to wait in line if the maximum capacity has been reached.
